

WASHINGTON
ACADEMY OF
EYE PHYSICIANS
& SURGEONS

April 7, 2016

Dear Supporter,

We are looking forward with great enthusiasm to the 2017 Washington Academy of Eye Physicians and Surgeons Annual Meeting on March 31, 2017 at The Washington State Convention Center in downtown Seattle.

Four internationally renowned educators will be presenting cutting-edge information for practicing ophthalmologists. The theme of this conference is "Current Trends & Advances in Ophthalmology." As you know, exhibition opportunities such as this provide the most effective method of bringing your product or service to the attention of physicians at the meeting. Our 2017 conference promises to be another outstanding event, with opportunities to meet leading physicians, surgeons, and other professionals in the ophthalmic medical field from the entire Pacific Northwest Region. Expected attendance is estimated at over 200 physicians and approximately 480 ophthalmic assistant/technicians.

In 2017 we will hold our conference in the larger Washington State Convention Center facility across the street from the venue we have been using for the past few years. In our new space on the 6th floor of the Convention Center there will be room to have the refreshment breaks right in the heart of the large exhibitor hall. So we are confident that the attendee traffic to exhibitor displays will be enhanced.

There is no deadline to register as an exhibitor. But to assure optimal location of your booth within the exhibitor hall, we recommend you register and pay for your booth as early as possible.

The Washington Academy of Eye Physicians and Surgeons appreciates the overwhelming support and continued relationship with our exhibitors for this meeting, and look forward to your participation at our 2017 conference.

If you have any questions, feel free to call Debra Alderman, WAEPS Executive Director at (206) 956-3650 or email her: debra@wsma.org.

Sincerely,

Paul B. Griggs, MD
Program Chair, WAEPS 2017 Annual Meeting
